WILL SERVE THEIR SENTENCES.

Judge Thomas' Holding of Court at Paula Valley Valid.

In the case of John Stephenson, who was sentenced by Judge Thomas at Paula Valley and whose case was argued in habeas corpus proceedings before Judge Ames M. Thayer, United States circuit judge at St. Louis by Judge J. E. Humphrey, representing the government, and Attorney Price of Kansas City, for the defendant, was decided by Judge Thayer a day or two ago in which he held that the holding of the term of district court by Judge Thomas at the time and place designated was proper and in accordance with the laws governing this territory.

This decision also lays aside all hope of about fifteen men now serving various terms in the Fort Leavenworth penitentiary.

No Council Meeting.

It seemed to be the consensus of opinion yesterday afternoon after the informal meeting of the mayor and aldermen that a special meeting of the council would be called today but up to 2 o'clock we heard of no call being made. We did see four aldermen at the Morgan in consultation with W. H. Flint, the representative of the United States Cast Iron and Pipe company, who is here for adjustment of matters between the city and his company.

The Orio Club will meet Friday afternoon at 2:30 o'clock at the United States court house instead of Mrs. E. P. Pugh's. The session will be a very interesting and instructive one and a full attendance is desired.

Killed Woman and Himself.

Antlers, L. T., Nov. 19.—Gus Willis, a Choctaw freedman, who lives six miles southeast of this place, went to the house of Millie Harris, a negro woman who lived a short distance away, and shot her to death with a repeating rifle, then pulled a pistol from his pocket and shot himself through the heart, both parties dying instantly.

Willis was 60 years old and had a wife and ten children. A note was found on his person in which he stated that he intended to commit the crime and that he had secured the Lord's forgiveness for the same.

A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local treatment," as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New six-ounce bottle 25 cents; regular size 75 cents.
